DETAILED ACTION

1. The amendment filed July 5, 2006 is entered and claims 15-28 are pending.

Allowable Subject Matter

2. Claims 15-28 are allowed.
3. The following is an examiner's statement of reasons for allowance: the claimed invention is directed to a display apparatus.

Independent claims 15-21, 23, and 26-27 identify a uniquely distinct feature "the single opposite electrode overlapping the plurality of common power supply lines, and the single opposite electrode being formed for the plurality of pixel electrodes".

The closest art, Utsugi et al. as discussed above, either singularly or in combination, fails to anticipate or render obvious the above limitations obvious.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jean Lesperance whose telephone number is (571) 272-7692. The examiner can normally be reached on from Monday to Friday between 10:00AM and 6:30PM.
